SPECIAL DELIVERY SOFTWARE ™

CUSTOMER LICENSE AGREEMENT

Dear Customer:

IMPORTANT: SPECIAL DELIVERY SOFTWARE products purchased from APPLE or authorized APPLE dealers are provided to you subject to the Terms and Conditions of this Software License Agreement. Should you decide that you cannot accept these Terms and Conditions, then you must return the product to the point of purchase, with all documentation and with this License, marked "REFUSED," within the 7-day examination period following receipt of the product.

1. License. APPLE grants to you, upon receipt of the product, a nonexclusive license to use the enclosed SPECIAL DELIVERY SOFTWARE product, subject to the terms and restrictions set forth in this License Agreement.

2. Copyright. SPECIAL DELIVERY SOFTWARE, including its documentation, is copyrighted by APPLE or, in some cases, by APPLE's software suppliers. You may not copy or otherwise reproduce the SPECIAL DELIVERY SOFTWARE or any part of it, except as expressly permitted in this License. Any SPECIAL DELIVERY SOFTWARE product that is not copy-protected may be copied for back-up use only, provided that you reproduce all copyright notices and other proprietary legends on such copies.

3. Restrictions on Use and Transfer. The original and any back-up copies of SPECIAL DELIVERY SOFTWARE are intended for your personal use in connection with a single computer. You may not distribute copies of, or any part of, SPECIAL DELIVERY SOFTWARE to others without the specific granting of a Software Distribution License from APPLE for that purpose.

4. Media Warranty. To the original purchaser only, APPLE warrants the diskettes on which SPECIAL DELIVERY SOFTWARE is recorded to be free from defects in materials and faulty workmanship under normal use for a period of 90 days after the date of purchase. If, during this 90-day period, a defect in the diskette should occur, the diskette and a copy of your receipt may be returned to the SPECIAL DELIVERY SOFTWARE Operation at APPLE, and APPLE will replace the diskette without charge. Following the 90-day period, and for as long as the product remains in the SPECIAL DELIVERY SOFTWARE catalog, APPLE will replace defective diskettes for a fee of $15. Your sole remedy in the event of a defect in the diskette is limited to the replacement of the diskette as provided above.

5. LIMITATIONS ON WARRANTY AND LIABILITY. EXCEPT AS EXPRESSLY PROVIDED FOR MEDIA, APPLE AND ITS SOFTWARE SUPPLIERS, DISTRIBUTORS, AND DEALERS MAKE NO WARRANTIES, EITHER EXPRESSED OR IMPLIED, WITH RESPECT TO THE SPECIAL DELIVERY SOFTWARE, ITS MERCHANTABILITY, OR ITS FITNESS FOR ANY PURPOSE. SPECIAL DELIVERY SOFTWARE IS LICENSED SOLELY ON AN "AS IS" BASIS. THE ENTIRE RISK AS TO ITS QUALITY AND PERFORMANCE IS WITH YOU. SHOULD THE SPECIAL DELIVERY SOFTWARE PROVE DEFECTIVE, YOU (AND NOT APPLE OR ITS SUPPLIERS, DISTRIBUTORS, OR DEALERS) ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR, OR CORRECTION, AND ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES. IN NO EVENT WILL APPLE OR ITS SUPPLIERS, DISTRIBUTORS, OR DEALERS BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY DEFECT IN THE SOFTWARE, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF IMPLIED WARRANTIES OR LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

APPLE

SUPERMAP will patiently wait while you examine the screen. When you are ready to continue, press the SPACE BAR. The blinking dot will be replaced with a white spot, the text will be cleared, and SUPERMAP will prompt you for another city.

To return to the menu, press RETURN instead of typing another city name.

By the way, if you have the Mountain Hardware Clockcard in your Apple II, SUPERMAP will automatically display the time of day in each city that you select, corrected by the proper time zone.

II. CALCULATE DISTANCES

How far is it from Chula Vista to Poughkeepsie? How would you find out?

Now it's easy. Choose #2 from the Main Menu. You don't care how far it is from Chula Vista to Poughkeepsie? Okay, then think of two others.

Type the first one and press RETURN, then the second and RETURN again. (Partial names work here, too).

SUPERMAP will calculate the air distance between the two. The result will be displayed in kilometers and miles. A line will then be drawn across the map from the first city to the second.

SUPERMAP will wait for you to press the SPACE BAR, whence the text will be cleared (the lines and spots remain until you change the map), and you may select another pair of cities.

To return to the menu, press the RETURN key in place of either city name.

III. STATE CAPITOL QUIZ

You'll love this one.

SUPERMAP prompts you with a state. You supply the capitol, then press RETURN. It's that easy.

So to keep things interesting, you'll have to type the entire name, correctly spelled.

If you guess right, SUPERMAP will blink the city and tell you that you're correct.

If you guess wrong, SUPERMAP will respond accordingly. Three wrong guesses cause SUPERMAP to tell you the correct answer.

Once the capitol is blinking, SUPERMAP will wait for you to lightly press the SPACE BAR before prompting you with the next state.

Continue in this fashion until you have tried them all. You'll know you're finished when SUPERMAP displays your score (48 minus the ones you were told). Press the SPACE BAR to get back to the Main Menu.

To quickly quit the quiz, type Q and press RETURN. (When you come back you'll have to start over).

IV. SCAN CITIES

This option allows you to scan through the entire list of cities. It also lets you set the speed and sound associated with the blinking dots in the other parts of SUPERMAP.

To scan, use the LEFT/RIGHT ARROWS to move to and fro through the list one city at a time. Use the REPEAT key with either ARROW to move through many.

Use the numbers 1-9 to change the duration of the blinking. The lower the number, the longer the blink.

Use the same keys (1-9) to control the noises. The lower the number, the more tonal the sound. Higher numbers cause SUPERMAP to emit a softer clicking sound. A 9 will silence things entirely.

Try them all. Once you secure sonic serenity, you may proceed to scan through the list.

You will be returned to the Main Menu whenever you press RETURN.

V. CHANGE THE MAP

Choosing #5 causes SUPERMAP to display the Maps Menu. Any one of the maps may be used as the backdrop for any of the other SUPERMAP functions.

You might want to change the map in order to get rid of
